

## ROSSMOOR NIXLE: WHAT IT IS AND HOW TO SIGN UP

Since 2017 Rossmoor Nixle has been a targeted opt-in emergency and community messaging system for Rossmoor residents delivered in three formats: Alerts, Advisories and Community Messages. Alerts provide residents with real-time need-to-know emergency and disaster alerts (e.g., major fires, wildfire incidents, flooding events, earthquakes, landslides, mudslides, power and water power outages, severe weather events, evacuation warnings and orders, how to safely shelter-in-place in Rossmoor and safeguarding instructions on how to stay safe and resilient.

Rossmoor EPO recommends residents choose only **one way** to receive their alerts which can be sent to cell phones, home phones or by email. Cell phones are the wisest and best option as they offer a hyperlink with specific instructions from civil authorities (county fire, city police and county sheriff) on responding safely to the event or incident.
