

Map Your Neighborhood and Communicate!

Setting Up Your FRS Radio

Rotate On/Off Switch to turn radio on and set volume

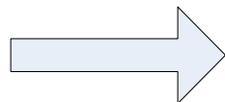

Press MENU Button ONCE QUICKLY to enter Setup

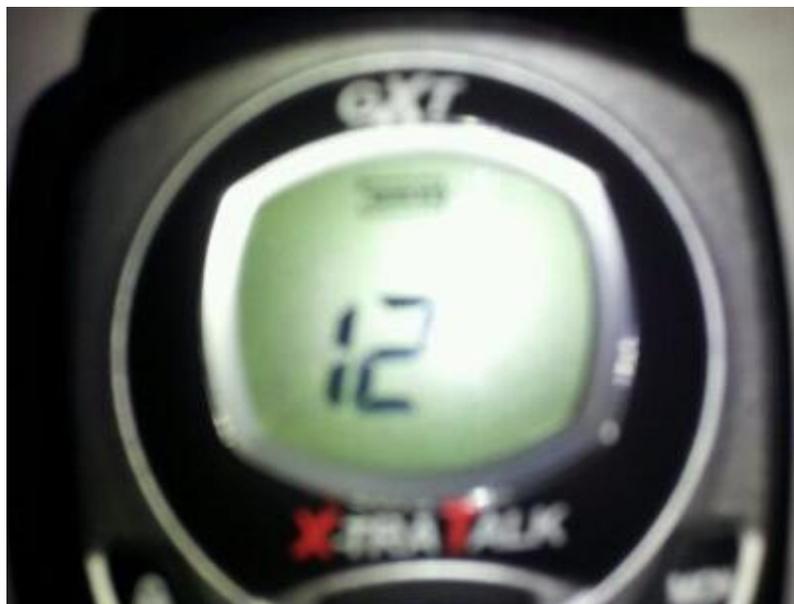

Large Channel Number begins flashing – use Up and Down buttons to set desired channel

Press MENU again, set next and all other functions to OFF. (Press MENU to move to next option)

Press PTT (Push to Talk) button on side of radio to exit Setup

Don't Use Sub-Channels!

Channel 12,
NO sub-channel

Reporting Your Entry Status to CERT

1. Stay on FRS channel 8 until you hear CERT announce that they are operational.
2. Change channels to 12 or 13 as appropriate to your location – Channel 12 north of Stanley Dollar, Channel 13 south of Stanley Dollar. Suggest one radio stay tuned to CERT in your entry.
3. LISTEN FIRST – wait for a break in the traffic!
4. Press the PTT key and transmit “CERT Comms, this is [your first name], [street] and [entry].
“CERT Comms, this is John, Skycrest 10”.
RELEASE the PTT key!
5. WAIT till you hear “[your street and entry], go ahead”
6. Press PTT and transmit “CERT COMMS, [first name] reports [street and entry] green status”, or “red status”, over”. **“Green status” means that all residents are OK and you do not need a CERT SAR Team. “Red status” means that you need CERT help!**
“CERT Comms, John reports Skycrest 10 green status, over”
7. WAIT for CERT to acknowledge your first name, street & entry and status
8. Next caller starts at Step 3. PLEASE BE PATIENT AND COURTEOUS
