

CB RADIOS IN ROSSMOOR

More CB radio operators are needed to be part of the emergency response teams in Rossmoor. The team includes members of the Emergency Preparedness Organization (EPO), the Community Emergency Response Team (CERT), entry coordinators and "Map Your Neighborhood."

The CB operators practice every Saturday morning from 8 to 9 a.m. on Channel 40. During an emergency, the CB operators send messages to the CERT command center.

Residents interested in joining the group of CB operators should call Jerry Priebat at 935-9488.
