

ARE YOU PREPARED FOR THE NEXT PUBLIC SAFETY POWER SHUTOFF?

ILRSCC is partnering with PG&E along with other community organizations to help older adults and people with disabilities be prepared by:

Receiving **ILRSCC support** in the event of a Public Safety Power Shutoff (PSPS) or disaster.

Signing up for the **Medical Baseline Program** to lower the rate on your monthly energy bill, if you require the use of a medical or life support device.

Accessing **backup portable batteries** for those who require power for medical reasons. Individuals who use life-sustaining electrical support will be the highest priority.

Learning more to improve the energy efficiency, health, and safety in your own home.

Providing tools to help you create a **disaster plan** that is essential to your safety and personal care.

Together with our partners,
we want you to be ready and
we're here to help!
